PRODUCT OVERVIEW

The CE Labs commerical Display series is engineered exclusively for professional environments that require 24/7 performance. Supporting an Android OS, the CD Series is truly best-in-class, delivering dependable high-definition video and packed with commercial-grade features. The CD series comes with integrated Wi-Fi and optional PoE. Equipped with CESync™, our intuitive out-of-the-box experience makes connecting your display quick and easy. With the addition of one of our many SaaS partner apps, a commercial display can be transformed into an informative kiosk, turn-key queue management solution or engaging digital sign.

Features include our Pro I/O package with Gigabit ethernet, Dual USB ports, Wi-Fi, and 16GB internal Memory. With its industry leading features and proven reliability, the CD series is the market leader in small form factor commerical displays.
